FALL INTO FALL!

Who doesn't just love the thought of crisp, cooler weather, the gleaming red of crunchy apples, the blanket you finally get a chance to snuggle under, and the wonderful colors of the fashions of Fall?

We have an abundance of stunning autumnal designer pieces for our shoppers! Peruse everything from lightweight jackets and coats, cashmere wraps and sweaters, luxurious suits, beautiful designer scarves to suede and exotic skin purses, belts and shoes.

The best part about these new

items is the array of marvelous colors and fabrics! Rich caramel

brown, chocolate suede, soft grey with black, shades of pumpkin and gold, berry red, deep burgundy, and animal printed everything. There are amethyst and jewel-toned taffetas, luscious heather tweeds, sumptuous camelhair clothing, leather tops and slacks, brocade dresses and evening wear.

It is just terrific to experience the change of seasons (even in Florida) and the way that Fall fashions can exuberantly welcome you with a "new" look! So, come on in and take a peek at our kind of Fall!

FASHION THRU DIFFERENT EYES

When the going gets tough, creative dressers accessorize and mix their wardrobes up! What better way to update your wardrobe than to add an item here and there and develop a completely different look?

How many times have we looked

at all the fashion magazines and seen the before-and-after or day-to-night article that totally changes the look of something one wears. It can be as simple as adding a belt, jacket, scarf, chunky jewelry...or taking them off! One can swap out a jacket for a cashmere wrap, a bulky necklace for simple pearls and an evening purse, boots for strappy heels, or a lacy tank top instead of a blouse with a suit. The possibilities are endless and imagination is the key.

Let us help you create a "new" outfit with something you already own! We invite you to bring in your favorite, can't-part-with merchandise and let's see if we can make suggestions for a fresh look and a

new style! It's a simple, inexpensive way to update and complement the treasures in your closet. We have beautiful designer accessories, belts, jewelry, scarves, shoes and purses that can bring a new perspective to your wardrobe.

SOMETHING TO LOOK FORWARD TO!

We love October because our furs and new jewelry arrive for "season". Keep your eyes open for the stunning new line of brand new furs, shawls, evening wraps, scarves, vests, collars and other fun fur pieces from our exclusive furrier, Skaneateles Furs. Whether you prefer sable or mink, formal or funky-casual, natural or brightly colored, we will have an unparalleled selection!

Also expected soon is the new line from Crystal Couture. Known for their exquisite hand-made, custom-designed jewelry, we are going to featuring chunky and intricate semi-precious necklaces and earrings from their Fall collection. All one of a kind, these pieces feature topaz, crystal, pearls, rubies, amethyst, citrine, tourmaline and other gems. We can also take orders for custom-made pieces to complement or to match something you already own!

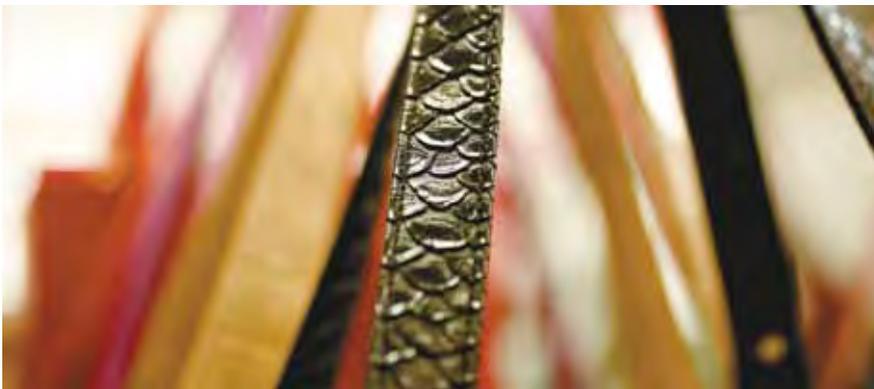

CALLING ALL BELTS!

If you have seen all of the magazines that tout the fashions of Fall, you couldn't help but notice the proclivity of belts. Lavin, Balenciaga, Donna Karan, Oscar de la Renta, Carolina Herrera, Zac Posen, Dolce & Gabbana, Gianfranco Ferré, Fendi, Gucci, Prada and other top designers flooded the runways with belted dresses, coats, jackets, suits and even evening gowns.

Classic Collections has a number

of beautiful belts to add to your fashions. Choose from alligator, lizard, leather, suede and other fabulous materials. We currently offer designer belts from Fendi, Gucci, Giorgio, Barry Kiesselstein-Cord and others.

We're always in need of more belts, so if you have some that no longer fit, bring them in to us—someone will be delighted with it!
